The adage of the best fertilizer is the farmer's footsteps is supremely exemplified by Luci and Tom of Sunnyside vineyard. Their vines are mere steps from their home and they tend each block, each row and each vine with such detail, diligence and care it is an honor that they have continued to sell us fruit since 2011. Planted in 1970, this vineyard decidedly falls into the old vine category for the Willamette valley and we are thrilled that Luci and Tom allowed us to take cuttings from their vines to bring a little more of the Sunnyside magic to BTF. Speaking of magic, I think that is a perfect word to describe the 2019 version of Sunnyside pinot – it is going to seemingly disappear from your glass, and from our inventory. Be quick!

tasting notes-

Fresh florals lead the way through an elegant sensory experience. An expressive bouquet of fresh cut carnations and dewy roses evolves into flavors of bright, juicy bing cherries, strawberry-blackberry preserves and a hint of tanned leather to warm you up. Farmers market freshness, in a glass.

-- we are a winemaker and an artist, we grow and produce what we love to eat and drink --

Our Farm We own and manage 70 acres in the northern Willamette Valley, where we raise animals and produce seasonable vegetables. If you visit us, you'll find free-range hens, pasture-raised pigs and grass-fed cows. We are building a managed intensive grazing system of farming that builds our soil, sequesters carbon, and moves us towards a healthy, sustainable and diverse farm.
