Luci and Tom are the owners and farmers of Sunnyside vineyard – their dedication to growing grapes, their sense of anticipation and wonder about the details, their sensitivity to plant responses to growing conditions and their dedication to delivering the very best they can is inspiring – we have been buying from them since 2011! As a testament to their belief in us they are ‘founders’ – what is this you ask? When it came time to build our winery the first question was – with what money? We were putting everything we had into building our wine business – we had very little to put towards a down payment for a construction loan. Clare put together a ‘crowd funding’ package of a dinner here at the farm, a case of magnums, and donors’ names on the winery. Thank you to Luci and Tom and everyone else who believed in us and helped with our winery build project. We continue to do our best with the Sunnyside grapes and every year it is a standout in my opinion, and that of many others as well! 2021 is no exception!

tasting notes –It’s no coincidence that this wine exudes a confidence that you’d find on the sunny side of the street. Sophisticated and balanced with a dreamy disposition. Cardamom, sandalwood, and dried rose lend way to a baked, red fruit jumble that allows you to leave your worries on the doorstep while you dance with the crushed velvet tannins.

## **Our Farm**

Since our founding in 2006, we have taken thousands of small intentional steps to build our winery, farm and vineyard as a regenerative system balancing the solar, water, soil, animals and vines. The creatures on our farm include free-range hens, pasture-raised pigs, goats, sheep, draft horses, honeybees and grass-fed cows.
